

DAILY PROGRAM

Day 1 Agenda

A Hall Front Hall (2F) Five Contemplations Hall

B Hall The Fo Guang Building (9F) International Conference Hall

October 3rd (Thursday)

A Hall	B Hall
08:00~16:00 Registration	08:00~16:00 Registration
10:00-10:36 Keynote Speech <1> Moderator: Joo-Han Oh, Chian-Her Lee	10:00-10:36 Keynote Speech <2> Moderator: Ru-Yu Pan, Hung-maan Lee
<i>10:00-10:12</i> Translational Research Biologic augmentation of rotator cuff healing Joo-Han Oh	<i>10:00-10:12</i> The Strategic Use of Supermicrosurgical Lymphaticovenous Anastomosis for Treating Upper Limb Lymphedema Johnson Chia-Shen Yang
<i>10:12-10:24</i> The past, present, and future of Taiwan shoulder and elbow society Chih-Hwa Chen	<i>10:12-10:24</i> Clinical Investigation on pain relief and joint function score of echo-guided subacromial injection of Soft Tissue Adapted Biocompatible Hyaluronic Acid (STABHA™) in post-rotator cuff repair patients: A case series and 3 months follow-up Yi-Syuan Li, Kuan-Yu Lin, Fu-Ting Huang*
<i>10:24-10:36</i> Put The Article in Reviewer's Shoes: Tips to Avoid Desk Rejection Feng-Sheng Wang	<i>10:24-10:36</i> SLAP and biceps pulley lesions Ru-Yu Pan
10:36-10:45 Discussion	10:36-10:45 Discussion
10:45-10:55 Coffee Break	10:45-10:55 Coffee Break
11:00-12:00 Inauguration Ceremony 【Venue: Front Hall (2F)】	11:00-12:00 Inauguration Ceremony 【Venue: Front Hall (2F)】
12:00-13:00 Luncheon (Tsai Gen Shiang)	12:00-13:00 Luncheon (Tsai Gen Shiang)
13:30-14:30 Museum Pilgrimage	13:30-14:30 Museum Pilgrimage
13:30-14:30 Keynote Speech <5> Rotator Cuff Moderator: Ashish Gupta, Hsiao-Li Ma	13:30-14:25 Symposium <1> ESWT Moderator: Wolfgang Schaden, Yao-Chi Chuang
<i>13:30-13:42</i> Regeneration of rotator cuff repair using biological materials and biomechanical device Hsiao-Li Ma	<i>13:30-13:45</i> Biological Effects of Extracorporeal Shockwaves Wolfgang Schaden
<i>13:42-13:54</i> MRI-Based Reliability and Validity of Goutallier Classification for Grading Fatty Infiltration of the Rotator Cuff Across the Whole Scapula Ashish Gupta	<i>13:45-13:55</i> ESWT as a Biological Support to Heal Rotator Cuff Tears Wolfgang Schaden
	<i>13:55-14:05</i> ESWT application on non-union Jinyoung Jeong

October 3rd (Thursday)

A Hall

13:54-14:06

Clinical and Radiological Outcomes of All-Arthroscopic Supraspinatus and Infraspinatus Muscle Advancement Procedure for Massive Retracted Rotator Cuff Tears including Pseudoparalytic Patients

[Ashish Gupta](#)

14:06-14:18

Prolo and regeneration therapy in myofascial pain in the shoulder

[Hung-Chih Hsu](#)

14:18-14:30

Impact of Comorbidities on Shoulder Arthroplasty Outcomes

[Daphne Ling](#)

[14:30-14:40 Discussion](#)

[14:40-14:50 Coffee Break](#)

[19:00-21:00 Presidential Dinner \(Invited\)](#)

B Hall

14:05-14:15

A Review of ESWT on Calcific Tendinitis in Kaohsiung Chang Gung Memorial Hospital

[Jai-Hong Cheng](#)

14:15-14:25

Effects of supplementing extracorporeal shockwave therapy (ESWT) to hyaluronic acid (HA) injection among patients with rotator cuff lesions without complete tear: A prospective double-blinded randomized study

[Shu-Jui Kuo](#)

[14:25-14:40 Discussion](#)

[14:40-14:50 Coffee Break](#)

[19:00-21:00 Presidential Dinner \(Invited\)](#)
